SEO Executive(1-2Years Experience)

Description

About Namah Media

At Namah Media, we blend creativity with performance-driven strategies to help brands grow in the digital space. We're a fast-growing team that thrives on innovation, collaboration, and measurable impact.

Role Overview

We are looking for a **data-driven SEO Executive** who can take ownership of improving website visibility and organic performance. If you enjoy analyzing data, optimizing content, and staying ahead of search trends, you'll fit right in.

Responsibilities

- Execute **on-page SEO strategies** including meta tags, headers, internal linking, and content optimization
- Conduct **keyword research** to identify high-impact opportunities and guide content planning
- Perform **technical SEO audits** to fix crawl errors, indexing issues, and improve site performance
- Support **link-building activities** through ethical, white-hat practices
- Monitor and report performance using tools like Google Analytics, Search Console, SEMrush, or Ahrefs
- Conduct **competitor analysis** to identify trends, gaps, and growth opportunities

Qualifications

- 1+ year of hands-on experience in SEO (agency or in-house)
- Familiarity with tools like Google Analytics, Google Search Console, SEMrush / Ahrefs / Moz
- Strong understanding of **SEO + content marketing integration**
- Basic knowledge of **HTML/CSS** is a plus
- Strong analytical and problem-solving skills
- Good communication and reporting skills

Job Benefits

- Exposure to diverse brands and industries
- Collaborative and growth-focused team environment
- Opportunities to learn, experiment, and scale your skills
- Competitive salary with performance-based incentives
- Flexible and supportive work culture
